The Certified Service Management System and StarkeyHQ® Software Program

Program Curriculum

Starkey's 40-hour, 5-day Service Management "System" and StarkeyHQ® Software Program provides a Service System and StarkeyHQ® Software Certification only. This program highlights Starkey's patented Facilities Management System and Software. It is designed for veteran Household and Estate Managers and Family Office Concierge providers interested in knowing how to develop and customize a service management plan and utilize the management tools for service. Starkey's Service Management Software is invaluable for identifying and tracking Client or Guest Expectations in the Service Marketplace and in the Household Management profession. It presents the management tools and identifies possible expectations in 10 service categories. StarkeyHQ® Software included in this course offering.

The screenshot displays the StarkeyHQ software interface. The top window shows a client profile for Jane Wendel Broussard, including personal details, family information, and a photo. Below this is a table of service standards with columns for N, L, M, H, and Total. To the right, a 'Service Vision' document is visible, detailing the history of the Silver Lake Plantation. At the bottom, a Gantt chart shows a service schedule with various tasks and their durations.
